Wed, Jul 15, 2020 at 9:59 AM

Hello Sir,

Greetings from Bear Tech 360!

As per your discussion with Mr. Vishal Singh (RSM-Mantra Softech),

We are the authorized channel partner of Mantra for MP, and we have been working in this industry for the last 5 years, we have done some major projects with Mantra MSD 1K like Indian Railway, Mantralaya Madhya Pradesh, Department of Technical Education, RKDF Group 6 University etc. Mantra MSD 1k is highly recommended from our side for projects.

Please find the attachment regarding Quotation of Mantra MSD1k, MSD1K with Wifi, MSD 150 and product catalogue.

Following is the major difference in between 3 models that we are sharing with you.

- Mantra MSD 1k – Please go through with catalogue
- Mantra MSD 1k WiFi – same as MSD 1k but additional feature is only Wifi
- Mantra MSD 150- Same as MSD 1k but higher User capacity (1500 face users).

Following is the software solution offline & Online

Paytime (Offline software) – Paytime software lifetime free subscription comes with the device & all the features are inbuilt that required for Biometrics attendance like daily report, monthly report, late in, late out report, payroll etc. we can download the data from machine by using Pen drive, LAN and USB cable.

If you want the centralized data of Biometrics on Paytime software so that LAN networking or wifi and Static IP is required after that some additional features will be enabled – Mobile app for reports, automatic email of reports, users mobile App for Leave Application etc.

CEO & DEAN

Pg. No-54

Minop Cloud – Minop cloud is the paid software, all the features will be the same as Paytime but static IP is not required in this case, we can provide the internet on a machine using Internet LAN, Any type of wifi.

You can visit the website for charges of Minop (<https://minopcloud.com/pricing>) payable in advance, direct billing from Mantra, approximately 8rs. Per user per month.

All the terms and conditions are written on Quotation, also give us a call so that we can discuss more about the solution.

Hope to hear from you soon.

Thanks & Regards
